Q&A

1. Who will provide the materials we will need like the replacement gear?

All material and equipment shall be supplied by the contractor unless otherwise noted.

2. What is the preferred manufacturer?

As listed in the RFP section 2.4, Square D and Eaton are the listed manufactures.

3. Are we looking at weekday or weekend schedules?

Per section 6.5 in UOSA Standard Terms and Conditions, The Owner's typical work schedule is 8am through 4:30 pm Monday through Friday. The contractors access to the work sites and work areas shall be limited to these same days and hours but may be modified with the prior written approval from the Owner's Contract Manager. The previously mentioned section also includes a list of all Owner's Holidays.

4. Can you release the salesperson contact info from whom you received a quote for the MCC's?

UOSA requested a quote for MCCs for informational purposes and to help gauge the expected lead time of the equipment. We have decided to not share the vendor or salesperson contact information because we do not want to create the appearance of endorsement or create unfair advantage for any one particular manufacturer, vendor or salesperson. Any equipment meeting the specifications listed in the RFP obtained from any source may be proposed.
