UOSA IFB 26-12 – Landfill Earthwork
Addendum #1
Attachment A

The language of the subject solicitation shall be modified as follows:

Section 1.3 – Contract Award

In the first sentence, the reference to the line number on the Bid Summary Sheet represented as “[#]” shall be removed and replaced with “eight”.

Section 1.4 – Pre-Bid Meeting and Site Inspections

The language in this section shall be removed in its entirety and replaced with the following:

UOSA will conduct an Optional Pre-Bid Meeting and Site Tour/Survey on the day, and time shown on the front cover for all interested Bidders to familiarize themselves with the requested services, UOSA’s facilities and to allow all potential Bidders an opportunity to collect necessary data and to seek answers to any questions which they may have concerning the service requirements. While attendance at this meeting will not be a prerequisite to submitting a bid, Bidders who intend to submit a bid are encouraged to attend. Bidders interested in attending the meeting should contact purchasing@uosa.org for more information and to confirm your attendance.

Site Visit and Inspection

UOSA will conduct a site tour and inspection immediately following the pre-bid meeting. UOSA requires that all questions as a result of the site visit be submitted to UOSA Purchasing Department in writing by the (Deadline for Questions) date shown on the cover sheet of this document.

The site visit and inspection are not mandatory and are not a pre-requisite for submitting bids. However, failure to attend the site visit and inspection will not relieve the Bidder from the responsibility for ascertaining conditions at the site, and claims as a result of failure to inspect the job site will not be considered by UOSA. All Bidders will have the opportunity to submit questions in writing following the conclusion of the site visit and inspection in compliance with the bid document. All questions will be answered via an Addendum.
